

## SUSTAINABILITY MANAGEMENT STRUCTURE

True Group, as a leading complete digital lifestyle enabler, is determined to use digital technologies to create equal and inclusive access to information, knowledge, and economic opportunities, improve the quality of life of people in the country, and facilitate economic development in the Thailand 4.0 era. We also recognize our role in contributing to sustainable coexistence with nature as we strive to implement responsible business conduct that takes the impact of our operations on society and the environment into account.
